A few words from the Principal.....Zlatko Pear

End of Semester

Congratulations to our College community, students, parents and staff, on a successful two terms of learning. This half year has again been a busy one for our College with lots of activities happening inside and outside the classroom. Our students continue to excel academically, in the arts and on the sporting fields. Student leaders have represented the College at a variety of community events and state level forums. We now look forward to a break before Term Three, during which most of our planning for next year will take place. Well done!

Office Area Site

Goodbye to Wendy Watson

Today is Wendy Watson's last day of teaching at Myrtleford P12 College. Wendy was recently appointed to a teaching position much closer to home in Wodonga. She has been with us for 15 years. She has been a committed teacher and a great advocate for the children in Myrtleford. I know Wendy will miss her students but will be happy not having to drive the Wodonga/Myrtleford Road each day. We will miss Wendy and wish her well in her new role.

End of Semester reports

Semester One reports have been completed. All reports are now available on Compass. The midyear report is an important indicator of how your child has progressed in their learning. Parents will be able to get a sense of whether their child is maximising their learning opportunities and what their child's strengths and areas for improvement are.

End of Term

On behalf of all the staff at Myrtleford P12 College I would like to wish all our families a safe holiday period. Keep warm and we look forward to seeing everyone next term. School resumes for Term 3 on Monday, 10th July.

Myrtleford P12 College is a Child Safe School.

All our Child Safe policies can be accessed on the College website.
<http://www.myrtlefordp12.vic.edu.au>

Prep-6 News...

Semester 1 reports

Semester 1 reports are now available through the **Compass Parent Portal**.

The reports will NOT BE printed and sent home. This is to help reduce the amount of paper being used. Having student reports located electronically also helps a great deal with storage as you will be able to easily access all your child's reports from one place. If you don't have Internet access and still require a printed report, please contact the College Office. Please also contact the College Office if you have forgotten your login details for the Parent Portal.

Parent-Teacher Conferences

Monday 17th July and Wednesday 19th July
3:30pm – 5:00pm

Bookings can be made from Thursday 22nd June. Please contact the College Office if you need assistance to make an online booking

Can you help?

Hello Myrtleford P12 Community,

The Year 6 Students at Myrtleford P12 are creating Social Enterprises to raise money for local charities.

Some of our students are also wanting to build their Social Enterprises to be environmentally friendly, sustainable and reuse products that otherwise may have been thrown out and added to landfill.

Therefore, we are asking for donations of old or no longer used items:

- Patterned fabric- old sheets or scrap fabric – Minimum size 50 cm. (for Scrunchies)
- Wire coat hangers or wire (for dream catchers)
- Stamps (not pre-inked stamps- old-fashioned stamps)

Please email me, Georgia.royse@education.vic.gov.au with a photo of possible donations, and we can organise a drop-off point!

Please do not drop off items at our office without approval, as they may not be suitable for our needs.

Thank you very much, and remember, reuse, reduce and recycle!

Partnerships with Schools: We can have a strong influence on our kids learning

Top Tips

- Take an interest in your child's school.
- Focus on the positive aspects of school.
- Approach learning with positive messages.
- Show respect for your child's teacher.
- Take an interest in your child's homework and assignments.
- Reward your child for their approach to learning and attitude towards their work.

Senior Formal

Practise....

Myrtleford P-12 VCE students have been eagerly preparing for their Formal. The event will be held tonight, 23rd June, at the Myrtleford Savoy Club. We are sure it will be a fabulous evening for all those that are attending.

Koorie kids try weaving

On Monday, our Koorie kids, Indigenous students, had the fantastic opportunity to partake in a weaving workshop run by two Ngarrindjeri women. They showed us techniques to make a bracelet and basket each. We all connected through our culture and shared stories about our journey as Indigenous women. Participating in these workshops can benefit us by teaching us more about our culture and making sure these traditions don't get lost.

As a fellow Ngarrindjeri woman, I will forever remember this opportunity.

Sahara Giles

Winter Sports Day-Netball

Winter Sports Day! (Netball)

We all begged our parents to get us to school early, we all rushed ourselves pushing our other classmates out of the way to make it to the bus before it had already left . Some students were playing football, others soccer but I was ready for NETBALL!!!

We were all excited for the day ahead of us, our hearts racing in excitement. When we got there we sat our bags down and got changed to be prepared for the fun day awaiting us. Then the starting bell rang and we all got into our positions and braced ourselves. Then we rushed into the middle to get the ball passed to us, we called to each other and tried our best to out score the other team. Game after game we became more confident and enjoyed it more.

After five heart racing games we sat down and rested, we were sad that our day we had been anticipating for weeks had ended so quickly! We ended up playing a mini randomised team netball game between us (Year 5/6BF and Year 5B).

After that we hopped back on to the bus and made our way back to school. We were all exhausted and drained out after our captivating sports day.

*We all had such an enjoyable day!
(By Lara Menz, Year 5/6BF)*

Winter Sports Day-Soccer

O&M Cross Country

On Wednesday the 7th of June, we went to the Ovens and Mitta Division Cross Country in Wangaratta. When we arrived it started to rain, so we had to put up our umbrella as quickly as we could, and ran to find a place to put our stuff. The rain died down, the races started up. When the girls and boys had finished the race for their age group it was my turn. We walked up to the start line and waited for them to fire the starter gun. We were the first group of kids to run three kilometres. We did the first lap and I started to get a stitch, it got worse and worse but I kept pushing. When I finished the second lap I knew the finish line was close. I could see it, the finish line. It was so close but so far. I did it, I finished the race! I was so relieved. We watched the last few kids finish the race and then we only had to watch three more races before the day was over. When it was the last race the boys went out too early to the marshalling line and got drenched by the rain. When we were getting back to the bus we were all soaked and couldn't wait to get home to get dry and warm. With only a couple kids making it to the next level, I was still happy to have been given the chance to try the cross country. I couldn't wait to tell my family.

By Ameliya Heatley

Runners: Ameliya Heatley, Eden Magyar, Olivia Brown, Alice Branagan, Lily Picciocchi, Louis Sanderson, Harris Bruneau, Noah Harris, Will Koers, Nash Durling, Samson Boyd, Nate Michelini, Jax Ives, Cooper Vescio, Hunter Durling, Harlow Mitchell, Lola Michelini, Charlotte Koers and Savannah Harris

Congratulations to Charlotte Koers and Nate Michelini who both made it to the next level- Hume Region Cross Country on Friday June 16.

Ms Bigger

Secondary Hume Region Cross Country

On Friday the 16th June, we were very well represented at the Hume Region Cross Country Championships at Benalla Showgrounds, by Aliza Kneebone, Jake Hodgkin, Austin Robb, Kobe Chisholm, Lily Notarianni, Josh Bruneau, Jethro Novak and Bayden Heywood. Jake (14 boys) finished in 6th place in 11.00.297 minutes, Lily (15 girls) finished 12th in a time of 13.25.117 minutes, Josh (15 boys) finished 11th with a time of 11.00.770 with Jethro (15 boys) right behind him in 12th in 11.01.180 minutes. All four have qualified to run at the State Championships in Term 3. All runners that competed ran really well and improved their personal times.

Trish Chisholm

Year 12 Chemistry

Students in Year 12 Chemistry completed an experiment with the electrolysis of copper. If you look closely, you may be able to see small particles of copper solid building up on the copper mesh. The blue solution is made by copper (II) ions in solution ("copper 2 is blue"), which become solid copper when it reacts with electrons on the mesh electrode. Recording the current, time and mass gained at the negative electrode (mesh) allows students to calculate the electric charge on an electron.

Ms Mitchell

Year 8 Science

Heart and lung dissection

Last week, the students in Year 8 took part in a lung and heart dissection. Students explored the structure of the respiratory system and the organs involved. They were amazed at the difference in size and colour between the lung and kidneys.

After observing a teacher demonstration, students had the chance to investigate and explore the structure of the heart, in small groups. Students were encouraged to identify the left and right side by observing the different wall thickness and see how the arteries are connected to the ventricles.

A big thank you to Kyle and Lexie from the Clyde Street Butchery for their donation. The support is greatly appreciated.

Ms Hall

Year 9 Plate Tectonics

The assessment task for the Year 9 Science unit "Plate Tectonics" was to design, build and evaluate an earthquake proof building.

Students were asked to design a building that would withstand a major earthquake.

They needed to design, build and test a small scale model that met the following criteria:

- is quick and easy to assemble
- has a minimum height of 60 cm
- has a maximum base of 30 cm x 30 cm
- remains standing after an earthquake, as simulated by shaking a table for 10 seconds
- is constructed from spaghetti and plasticine
- costs less than \$60 to build, (spaghetti \$1 per cm, plasticine \$1 per gram, bluetac \$2 per gram).

Ms Harrington

Food Tech News

Term 2 saw Myrtleford P-12 Year 9 /10 Food Technology students embark on a 'Catch & Cook' mission to their local waterway, Lake Buffalo. The target species was Redfin (English Perch,) which many know are an excellent table fish, abundant within Victorian waters and relatively easy to catch.

The day began as students excitedly arrived at school with an assortment of fishing rods and tackle. It wasn't long before the sun warmed the morning air and students were on their way via bus to the lake. Small groups were formed and the challenge to catch a fish begun. With lake levels being relatively low, students were able to carefully walk the fringes of the lake and cast their lure of choice, hoping to land one of the many Redfin (English Perch) which inhabit the lake. It wasn't long before loud cheers of excitement could be heard in the distance indicating the fish were biting. Excellent teamwork and strategies were being bounced between students, on lure styles, where to cast and how to retrieve the lure. The group fished for about 90 minutes before gathering together to share and discuss results. No trophies were caught though the group did manage to land around 20 redfin, most of which were retained for part two of the excursion.

We all returned to school with sufficient numbers of Redfin to prepare for cooking. After demonstrating how to extract two boneless Redfin fillets from a fish, a willing few safely wielded the sharp filleting knives while others assisted by preparing the remaining ingredients and equipment for the cook. A simple dish of lightly battered, pan-fried Redfin fillets sprinkled with salt and lemon juice. Delicious!

Simon Povolo

Social Enterprise

Last Tuesday, Year Six Students participated in a *Shark Tank* to gain money and feedback to advance their idea for a Social Enterprise. All six groups prepared a slideshow and several prototypes to showcase in their pitch. The judges were Mrs Sinnet, Ms Royse, Mr Lindsay, Ms Bigger and Mr Colcott, a man from Social Enterprise Academy. All five judges thoroughly enjoyed the presentations and filled out sheets of feedback for each team. The pitches were recorded for future Social Enterprise entrepreneurs to learn from. The groups will consider the feedback when making their future products and can't wait for their first market! Watch this space for innovative, homemade products coming your way!

Ms Royse and Lily Picciocchi

Watch future newsletters for updates and opportunities to purchase some of the Year 6 Social Enterprise products.

Ms Royse

Literacy Games in 3SP

This week 3SP students enjoyed playing some literacy games for our final week of term. Students participated in literacy rotations where they got to do some fun activities such as; unjumbling descriptive sentences, creating their own sentences using rainbow word magnets, and playing a spelling game where they took turns being the 'teacher' 😊 It was a great way for students to practise and consolidate what they've learned this term.

Simone Poyner

RDA

A group of students from Myrtleford P-12 College have had the opportunity to attend RDA every Tuesday this term. There is much to learn about horses, how to care for them and how to interact safely. So far the students and I have enjoyed the Program, apart from the wet weather lately. We are fortunate that the RDA Program will continue next Term.

Renee – Education Support

The students have reflected on their involvement.

"Horse riding is my favourite thing to do on Tuesdays because they are cute." Tyson

"When I go to RDA I like to brush the horses. I like riding the horses and playing games." Charlii

"I like going because it's fun and calms me down for the day. I have learnt lots about horses." Cooper S

Library News

Book Fair

What a fun time we had for the Book Fair week!

I'd like to thank all my staff, parent and student helpers, and all the student, staff and family visitors to the Fair. Every dollar spent has earned resources for the school. Our students really appreciate the items that are put straight into the classroom for their benefit.

PROTECT

Everyone has the right to be safe and be protected from abuse.

No one should behave in a way that makes you feel unsafe or afraid, including anyone in your family, anyone at school or anywhere else in the community.

Tell a teacher or any adult at your school if you feel unsafe.

It's everyone's responsibility.

Adults at school must listen and respond to concerns about child abuse.

If you suspect abuse of any child or young person, you have a responsibility to report it, even if you are not sure.

Have you heard of the TAC L2P Program?

The program matches **learner drivers** and **volunteer mentors** together so learners who are struggling to get their supervised hours, can be supported to successfully pass their driving test and gain their **P** plates.

In the past 12 years, the program has supported 130+ Alpine Shire youth to get their licence by providing lessons and driving practice in a community sponsored vehicle.

So, if you **need assistance** or you would like to **assist someone else** to get their licence, contact us for more information.

Learners and volunteer mentors alike can speak to the L2P Coordinator on 03 5755 0555 or email info@alpineshire.vic.gov.au

MISSION AUSTRALIA YOUTH SURVEY 2023

If you're 15-19 years old, living in Australia and want to have a say about the things that affect you, here is your chance!

Mission Australia's Youth Survey is the largest of its kind in Australia, conducted annually since 2002. The survey aims to identify the values and concerns of young people. It is used by Government, academics and communities to develop policies and programs for young Australians.

Please complete online before 11 August 2023 at missionaustralia.com.au/youthsurvey

Code: 28002

Our Sponsors. . . . Thank you for your ongoing support.
